

# SafetyTown SafetyTown

2023

Dear Parents,

When school begins this fall, your child will encounter many hazardous situations for the first time. SAFETY TOWN is a ten-day class interactive program that is designed to educate children on a variety of safety topics such as bike, water, school bus, and railroad safety. These techniques and lessons can be utilized in real life situations. The program is geared for children between ages four and five years of age and entering kindergarten.

This year's classes will be held Monday through Friday, June 12th through June 23rd, at the Vermilion Elementary School. There will be two separate sessions: 9:30AM - 11:30AM and 1:00PM - 3:00PM. Please address, attach postage to the postcard, and return it with your registration form. It will be mailed to you during the last week of May indicating your child's session assignment.

We sincerely hope you will take advantage of this opportunity for your child to participate in a program to help make the first steps into the school years safe ones.

*protect before you pedal*
